uLearn Naturally Media Services: Special Advertising Packages

We are launching the pilot issue of **The Futurist (Haringey)**, be a part of history in the making, perfecting a future of excellent learning locally. STEM + the Arts in ground breaking creativity

The Futurist (Haringey) is a STEAM'd UP³ magazine: a publication that is localised, in-print and digital - bringing Science, Technology, Engineering, the Arts and Maths forward into community life, for enjoyment and insight.

This pilot issue spec:

Size: A4, 12 pages, full colour, 10000 distributed to local residents and businesses in N15 (pilot zone), estimated readership 27k people. Our Special Advertising Package includes audio podcasts about your service, product or project, plus profiling via our websites and social media networks. **If your interest is in education and learning then there's no better way to reach this local audience which surrounds the Chestnuts Community Centre (N15).**

Hi, how are you today?

Are you into education and learning? We are, and we (@uLearnNaturally) are now producing a pilot magazine for Haringey,

THE FUTURIST (Haringey), this important ground breaker is focused on education and learning, in particular it will explore local news and dynamics around **STEAM**, that's **STEM + the Arts**.

We are now opening up conversations with a broad range of local education centres, event co-ordinators, enterprise leaders and other professionals to establish what messages, products or services need to be promoted to the local community, it might be your courses or employment opportunities, events or something else.

You have received this info as we are sure your efforts for the community will benefit greatly from being featured in **THE FUTURIST** (Haringey), a dedicated periodical magazine focused on enhancing local learning and community life.

There's no better way for you to reach out and engage the local community.

Let's have a chat today, contact us now.
